### Can you decide

Can you decide for me

Every time I tell my feet what to do  
I lie to my Shoes  
And the breath that wants to scream from my lungs  
Only quiets my tongue

Can you decide for me  
I don't have what it takes  
Please decide for me  
I'll only make a mistake

You already know  
I was never much on my own  
Inside I picture your voice  
Saying the words  
Just come back home

I wonder to and from wander lust  
I sleep where I lay  
The direction back is in front  
I just look away

So please decide for me  
I don't have what it takes  
Can you decide for me  
I'll only make a mistake  
You already know  
I was never much on my own  
Inside I picture your voice  
Saying the words

Oh you

You already know  
I was never much on my own  
Inside I picture your voice  
Saying the words  
Just come back home
