Hang me on the line

*Hang me on the line
Hang me till I'm dry
I'm never gonna get any better than wet
If I'm not hanging on the line*

*I was going to fast
To save my glass of wine
I'd been drinking
Till I was drunken dry*

*The barman said take another dose
and I propose that you might bet,
that I came home pretty wet*

*When's it gonna rain ?
It's been fretting all day that it's coming our way
When's it gonna rain?
You better stay awake
'cos I don't want to be found on a puddle on the ground*

*Hang me on the line
Hang me till I'm dry
I'm never gonna get any better than wet
If I'm not hanging on the line*
