Sing a little higher

Hold my
Feet to the fire
E Slide
Picking on the bijou
For sake your desire
Sing a little higher

Don't chase
'cos you won't find it
It's caught
It's just bad timing
For sake your desire
Sing a little higher

Your self
Is all your having
My peace is all I'm using
For sake my desire
Sing a little higher

I know I know I'm dreaming
I dream I dream I'm knowing
For sake our desire
Sing a little higher
