

Jon Kenzie

Tease them

Let it out
Let it out and into town
Spit it sideways
Let it float let it bounce

And they love the way you
They love the way you tease them

Knock the wall down
Build it back again
Little Freddie always walks to one side
But never in the middle
Open up the floodgates
Let the people back in
Turn on the neon lights
To distract them from the riddle

And they love the way you
They love the way you tease them
And they love the way you
They love the way you tease them
And they love the way you
They love the way you tease them

I'll tell you I don't know
But I've been told
We've seen it run like this befor
But never seen it run so cold
Do as I say
But not as I do
Cause we are going down fast
And we're gonna bring you too

And they love the way you
They love the way you tease them
And they love the way you
They love the way you tease them
And they love the way you
They love the way you tease them
